

EDMUND AUGUSTINE

Undergraduate

ABOUT ME

I am a motivated undergraduate student at SLIIT, currently pursuing a BSc (Hons) in Information Technology, specializing in Interactive Media. My strengths include creativity, digital sketching, and interactive design, supported by technical skills in Figma, Adobe XD, and prototyping.

- ✓ Sinhala
- ✓ Tamil
- ✓ English

PROJECTS

- InnoSpark (CaffiScaler)**
3D Design, Branding & Hardware Integration Y3S1 UED Project
 - Designed and developed an integrated smart coffee scale prototype focusing on increasing accessibility.
 - Produced custom structural packaging design and high-end marketing commercial video productions.
- VR Cricket Game**
Immersive Scene Design & Interaction – Unity Engine
 - Developed an immersive, first-person sports gameplay environment using custom physics tracking and realistic 3D asset integration.
 - Formulated reactive haptic controls and spatial audio cues to simulate dynamic stadium conditions.
- Social Media Campaign**
Flower Boutique – Social Media Marketing
 - Developed a social media campaign featuring three Instagram/Facebook posts, two short promotional videos, and one commercial video to strengthen brand awareness and audience engagement.
- Futuristic Package Design**
LoolCondera Matcha Tea Brand
 - Designed a futuristic packaging concept for the LoolCondera Matcha Tea brand using Adobe Illustrator and Photoshop, including product mockups for professional brand presentation.
- Hydration Tracker Mobile App**
Native Mobile Development – Android Studio, Kotlin
 - Engineered a responsive, clean wellness utility layout featuring personalized water target calculators and push alerts.
- Travel Application UI**
Interface Prototyping – Android Studio, XML
 - Structured an intuitive layout and custom aesthetic components for multi-destination trip exploration dashboards.
- Fit Flex**
Mobile App UI Design – Figma
 - Designed a full fitness mobile UI application utilizing structural user layouts and modern visual wireframes.
- Sehera Collection**
Desktop Web Application – MERN Stack
 - Built a full e-commerce clothing desktop application optimizing interface usability and system responsiveness.
- Online School Management System**
Java, JavaScript, CSS, SQL
 - Programmed a web-based management portal integrated with dynamic backend databases.
- Creative Multimedia Animations**
Vector Art & Visual Sketches
 - Developed custom vector project animations, structural character body movements, and illustrations using Moho.

ACHIEVEMENTS

- Awarded a development contract to design and build the future website and mobile application for Flower Boutique, recognizing the quality and impact of the brand's digital marketing and design concepts.
- Selected to develop an innovative packaging concept for the LoolCondera Matcha Tea brand, demonstrating creativity in brand identity, product visualization, and professional presentation.
- Developed high-fidelity 3D prototyping and 3D printing with embedded circuitry for CaffiScaler unified engineering design.
- Produced mobile UI frameworks and responsive designs showcased across academic modules.
- Recognized for creative direction and structural collaboration in team project operations.

CERTIFICATIONS

Google Skillshop / Digital Academy:

- **Analytics & Measurement:** Google Analytics, Google Ads Measurement, Conversion Optimization
- **Google Ads:** Search, Display, Video, Apps, Creative, AI-Powered Shopping Ads, AI-Powered Performance Ads
- **Campaign Management:** Display & Video 360, Campaign Manager 360
- **Foundations:** Fundamentals of Digital Marketing (Grow with Google)

HubSpot Academy:

- SEO, Content Marketing, Social Media Marketing
